

ALUMNI FIELD TRIP

NOVEMBER 11, 2024

TO

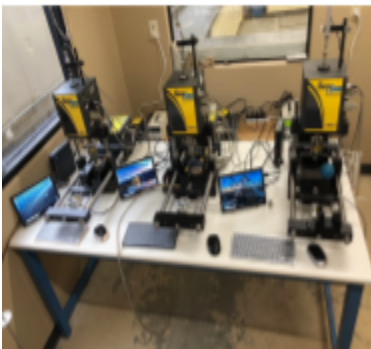

Geotechnical • Geoscience • Materials Testing • Stormwater Compliance
Laboratory Testing • Special Inspection • Environmental

- Love geology?
- Interested in how important geology is in our modern world?
- Looking for an engineering career that can take you outside?
- Interested in different types of engineering?

Well... this field trip is for you

See and Experience the World of Geotechnical Engineering!

- Meet and talk to geologists and engineers
- Watch and learn about experiments using actual equipment in the lab
- Learn about how the science and math in the classroom translates to the real world
- Learn the importance of geotechnology in construction

Monday, November 11th, 2024

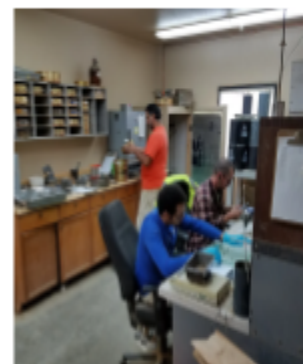

10:am to 12:00pm

Youngdahl Consulting Group

1234 Glenhaven Court

El Dorado Hills, CA

916-933-0633

Please RSVP via email or text to:
